

ORENCO'S MBBRa

**Enhanced
Secondary Treatment**

**FOR HIGH FLOWS OR
HIGH-STRENGTH
WASTE**

**Modular design and accessibility
make installation, operation, and maintenance simple.**

Orenco's MBBRa is compatible with AdvanTex® Wastewater Treatment Systems and other existing treatment systems designed to meet BOD/TSS limits.

The MBBRa provides flexible and modular design options for BOD/TSS removal and/or ammonia removal at flows above 25,000 gallons per day.

Excellent for:

- Municipal, commercial, and industrial treatment
- Significant reductions in BOD, TSS, TKN, or ammonia
- Pretreatment of high-strength waste
- Easier O&M (no media removal)
- Year-round process control
- Energy efficiency
