

ORENCO'S MBBRd

**Enhanced
Denitrification**

**UP TO 85%
REDUCTION OF
WASTEWATER
NITRATE**

**Modular design and accessibility
make installation, operation, and maintenance simple.**

Orenco's MBBRd is compatible with our AdvanTex® AX-Max™ Wastewater Treatment Systems and other existing treatment systems designed to meet stringent nitrogen limits.

The MBBRd provides flexible and modular design options for discharge limits of up to 10 mg/L Total Nitrogen, depending on system configuration.

Excellent for:

- Municipal, commercial, and industrial treatment
- Significant reductions in TN, TIN, or NO₃-N
- Permanent sites or mobile locations
- At-grade or above-grade installation
